

Technical specifications

- Working height: **12.00 m**
- Floor height: **10.1 m**
- Maximum outreach without outriggers: **7.00 m**
- Basket load: **120 Kg / 1 person**
- Turret rotation: **400**
- Maximal usage slope: **5 %**
- Maximal usage tilt: **15 %**
- 1000 V insulated full opening fiber basket
- Basket dimensions: **850 x 780 x 1150 mm**
- Minimum GVWR: **3500 Kg**
- Steel boom with 1 Telescopic element(s)
- Cable chain holder inside the telescope
- Electro-hydraulic and sequential commands
- Back-up remote control in cab (5m cable)
- Alarm tilt detector
- Priority electro-hydraulic back-up console
- Return to road position light in cab
- Hour counter
- Emergency hand pump
